#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Calvin Nelms Charter High School, Inc.

DBA: Calvin Nelms Charter School

I have audited the accompanying financial statements of Calvin Nelms Charter High School, Inc., DBA: Calvin Nelms Charter School (a nonprofit organization), which comprise the statements of financial position as of August 31, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Calvin Nelms Charter High School, Inc, DBA: Calvin Nelms Charter School, as of August 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenses and schedule of capital assets are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated November 1, 2016 on my consideration of Calvin Nelms Charter High School, Inc, DBA: Calvin Nelms Charter School's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

#### Purpose of this Report

The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Calvin Nelms Charter High School, Inc., DBA: Calvin Nelms Charter School's internal control over financial reporting and compliance.

Calvin Nelms Charter High School, Inc.
DBA: Calvin Nelms Charter School
Notes to the Financial Statements
For the Years Ended August 31, 2016 and 2015

## Note 1: Summary of Significant Accounting Policies

#### Reporting Entity

Calvin Nelms Charter High School, Inc., DBA: Calvin Nelms Charter School, ("the corporation") is a Texas non-profit corporation. The corporation is governed by a Board of Directors comprised of five members. The Board is selected pursuant to the bylaws of the corporation, and significantly influence operations. The Board has the primary accountability for the fiscal affairs of the corporation.

Since the corporation received funding from the local, state, and federal government sources, it must comply with the requirements of the entities providing those funds.

#### Corporate Operations

Calvin Nelms Charter High School, Inc., DBA: Calvin Nelms Charter School, was organized to provide educational services to at-risk students and their programs, services, activities and functions are governed by the corporation's board of directors. The corporation operates a single charter school and did not conduct any other charter or non-charter activities.

### Basis of Accounting and Presentation

The accompany financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP) applicable to non-profit organizations.

Net assets and revenues, expenses, gains and losses are classified based on the existence and nature or absence of donor-imposed restrictions. Restricted revenues whose restrictions are met in the same year as received are shown as unrestricted revenues. Accordingly, net assets of the organization and changes therein are classified and reported as follows:

<u>Unrestricted</u> - net assets that are not subject to donor-imposed stipulations. At August 31, 2016 and 2015 the unrestricted net assets were \$ 2,084,018 and \$ 2,120,771.

<u>Temporarily restricted</u> - net assets subject to donor-imposed stipulations that may or will be met, either by actions of the corporation and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. At August 31, 2016 and 2015 the temporarily restricted net assets were \$ 330,473 and \$44. The temporarily restricted funds are released as education expenses are incurred.

<u>Permanently restricted</u> - net assets required to be maintained in perpetuity with only the income to be used for the corporation's activities due to donor-imposed restrictions.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Contributions

The corporation accounts for contributions as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in temporarily restricted or permanently restricted net assets in the reporting period in which the support is recognized. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

#### Cash and Cash Equivalents

For financial statements purposes, the corporation considers all highly liquid investment instruments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents at August 31, 2016 and 2015 was \$ 341.238 and \$ 283,745

#### Concentration of credit and market risk

Financial instruments, which potentially subject the Corporation to concentrations of credit risk, consist of cash. The Corporation maintains its cash in bank deposit accounts. The amount if any that exceeds federally insured limits, the financial institution does pledge financial instruments in the Corporation's behalf. Management believes it is not exposed to any significant credit risk on cash.

#### Investments

Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School uses a value hierarchy established by GAAP that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of hierarchy the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;			
Level 2	Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the assets or liability;			
Level 3	Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (that is, the inputs are supported by little of no market activity)			

The School maintains certain investment accounts. The future proceeds from these accounts are intended to support the operations of the School. The School's investment objective is the preservation of capital and moderate growth. Accordingly, these investment are comprised of highly liquid, low-risk certificates of deposits.

Investment at August 31, 2016 were carried at fair market value. The balance at August 31, 2016 were as follows:

Contificate of	Fair Mar	ket Val	ue	Interest Rate	Level
Certificate of Deposit		\$	50,125	0.40%	1
Certificate of					
Deposit		_	50,376	1.00%	1
	Total	\$	100,501		

The School did not have investments at August 31, 2015.

#### Inventory

Inventory is stated at cost and consist of office supplies, at years ended August 31, 2016 and 2015 the amount of inventory was \$263 and \$863.

#### Property and Equipment

Capital assets, which include buildings and improvements, furniture and equipment, vehicles and other personal property, are reported in the general-purpose and specific-purpose financial statements. Capital assets are defined by the corporation as assets with an individual cost of more than \$5,000. Such assets are recorded at historical cost and are depreciated over the estimated useful lives of the assets, which range from three to twenty years, using the straight-line method of depreciation. Expenditures for additions, major renewals and betterments are capitalized, and maintenance and repairs are charged to expense as incurred. Donations of assets are recorded as direct additions to net assets at fair value at the date of donation, which is then treated as cost.

#### Federal Income Tax

The Corporation is a not-for profit corporation that is exempt from income taxes under Section 501(c)3 of the Internal Revenue Code. The Corporation is exempt from taxes on income other than unrelated business income, if any. For the years ending August 31, 2016 and 2015 the Corporation did not have any unrelated business income. Accordingly, the Corporation has not recorded any provision for income taxes.

Management is not aware of any violation of its tax status as an exempt organization, nor of any exposure to unrelated business income tax.

The Corporation files form 990 as a tax-exempt organization. Internal Revenue Code Section 6501 (a) provides the general rule that the amount of any tax shall be assessed within three years after the tax return is filed. The Code provides that a return is deemed filed on the due date if it is filed early but is deemed filed on the date filed if it is filed late. As of August 31, 2016, 2014 through 2016 fiscal year tax returns are open for examination by the Internal Revenue Service.

### Concentration of Risk

The Corporation is exposed to various risks of loss related to torts; theft of; damage to and destruction of assets; error and omissions; and injuries to employees and students. These risk are covered by commercial insurance purchased from independent third parties. There have been no claims that have exceeded commercial insurance coverage for the past three years.

The corporation receives 97% of their revenues through state programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to the Texas Education Agency and is subject to audit and adjustment. The programs administered by the corporation have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, the corporation funds may be subject to refund if so determined by the Texas Education Agency of the grantor agency.

#### Advertising Expense

The Corporation expenses all advertising costs as incurred. The Corporation did not report any advertising expenses for August 31, 2016 and 2015.

#### **Pensions**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of account. This includes using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deduction from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Note 7: Defined Benefit Pension Plans

Plan Description. Calvin Nelms Charter School, Inc. DBA Calvin Nelms Charter School participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detail information about the Teacher Retirement System's fiduciary net position is available ins separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the internet at http://www.trs.state.ts.us/about/documents/cafr.pdf#CAFR; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83<sup>rd</sup> Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. It also added a 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees effective for fiscal year 2015 as discussed in Note 1 of the TRS 2014 CAFR. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016 and 2017.

Non-Employer Contributing Entity (State) Corporation's 2016 Mer	6.80%	<b>\$</b>	6.80%

Contributors to the plan include members and the State of Texas as the only non-employer contributing entity. Calvin Nelms' Charter High School, Inc.: DBA Calvin Nelms Charter School does not contribute. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public charter schools are required to pay the employer contribution rate in the following instances:

During a new member's first 90 days of employment

When any part or all of an employee's salary is paid by federal funding source or a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge

When a school district or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees

Actuarial Assumptions. The total pension liability in the August 31, 2015 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2015
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method of Payroll Open	Market Value
Single Discount Rate	8.00%
Long-term expected Investment Rate of	
Return	8.00%
Inflation	2.50%
Salary Increases including inflation	3.5% to 9.5%
Payroll Growth Rate	2.50%
Benefit Changes during the year	None
Ad hoc post-employment benefit changes	None

The actual methods and assumptions are based primarily on a study of actual experience for the four year period ending August 31, 2014 and adopted on September 24, 2015.

Discount Rate-The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous fiscal year. This projection of cash flows to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was project to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The loan-term rate of return on pension plan investment is 8%. The loan-term expect rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 3, 2015 are summarized below:

The net pension liability was measured as of August 31, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2014 thru August 31, 2015.

The following information was reported for Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School:

Total Pension Expense	\$76,944
Projected and Actual Investment Earnings	\$77,506
Employer and Proportionate Share of	
Contributions and Changes in Proportion	\$164,411
Net Pension Liability End of Year	\$314,709
Contributions per TRAQS (as adjusted)	\$26,362
Proportionate Share	0.000008903

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

#### Note 8: Health Care Coverage

During the years ended August 31, 2016 and 2015 employees of the corporation were covered by a Health Insurance Plan (the Plan). The corporation contributed \$ 225.00 per month per employee to the Plan. Employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. All premiums were paid to licensed insurers. Health insurance cost for 2016 and 2015 were as follows: \$45,675 and \$45,600.

#### Note 9: Commitments and Contingencies

The corporation receives funds through state and federal programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to the Texas Education Agency and is subject to audit and adjustment. Expenses charged to federal programs are subject to audit and adjustment by the grantor agency. The programs administered by the corporation have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, the corporation funds may be subject to refund if so determined by the Texas Education Agency of the grantor agency.

#### Note 10: Litigation

No reportable litigation was pending against the Corporation at August 31, 2016 and 2015.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School (a nonprofit organization), which comprise the statements of financial position as of August 31, 2016 and 2015, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated November 1, 2016.

#### Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School's internal control. Accordingly, I do not express an opinion on the effectiveness of Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Calvin Nelms Charter High School, Inc. DBA: Calvin Nelms Charter School's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
